To Whom It May Concern,

I have known Yusef Ramelize for 7 years. He worked for me as my production coordinator from 2005-2007.

In the two years he was with Energy Intelligence Group, he mastered all of his responsibilities, while helping build the design of our EI brand. He was an asset to the Multimedia department, setting a standard of excellence through example for others that worked with him.

He is industrious and a self-starter. In addition, he is extremely organized, reliable and his punctuality and attendance were outstanding. He was friendly and courteous when working with others and brought positive energy to the production group and internal customers.

Yusef would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely,

Terry King-Truelove
Vice President, Multimedia
